## STATEMENT OF FEES EARNED.

October 1, 1892, to Sept. 30, 1894.

| | |
|---|---|
| Quarter ending December 31, 1892 | $ 309 10 |
| Quarter ending March 31, 1893 | 300 45 |
| Quarter ending June 30, 1893 | 228 60 |
| Quarter ending September 30, 1893 | 184 30 |
| Quarter ending December 31, 1893 | 135 10 |
| Quarter ending March 31, 1894 | 182 70 |
| Quarter ending June 30, 1894 | 190 70 |
| Quarter ending September 30, 1894 | 127 30 |
| Sale of Session Laws | 68 30 |
| | $1,726 55 |

### LAWS OF THE SECOND STATE LEGISLATURE—1893.

The law makes it the duty of the Secretary of State to supervise the publication of the laws passed by each legislature, and in conformity therewith the laws passed by the Second State Legislature were copied for the printer and thereafter the printed proofs carefully compared with the original enrolled acts.

The contract for printing and binding the same was awarded to Messrs. Chaplin & McRae, proprietors of the "Laramie Republican," at Laramie City. The cost thereof, together with the appropriation therefor, is as follows:

| | |
|---|---|
| Appropriation | $2,000 00 |
| Furnishing 2,000 copies | 564 59 |
| Balance | $1,435 41 |

PUBLIC PRINTING.

Under the provisions of this law I advertised for bids for printing and furnishing supplies for the use of the Second State Legislature, and the cost thereof, by whom furnished, and the appropriations therefor, are as follows:

| | | | |
|---|---|---|---|
| Appropriation for incidental expenses | | | $1,000 00 |
| George W. Hoyt, supplying stationery | $500 85 | | |
| Warren Mercantile Co., furniture and repairs | 171 30 | | |
| Bristol & Co., printing Governor's message | 45 65 | | |
| E. A. Slack, advertising for bids | 74 00 | | |
| Chaplin & McRae, advertising for bids | 74 00 | | |
| Miscellaneous supplies ordered by the legislature and furnished by sundry persons, as per auditor's statement | 124 22 | | 990 12 |
| Balance | | | 9 98 |
| Appropriation for printing | | | $1,500 00 |
| Bristol & Co., printing bills | $1,541 26 | | |
| Chaplin & McRae | 52 76 | | 1,594.04 |
| Deficit | | | $ 94 02 |

I repeat the suggestion made in my last report, that the law providing for the public printing be so modified as to exclude from the advertisement contemplated by section 4 thereof any reference to supplies required, other than for the legislative department of the state.

It is quite difficult for officials to intelligently determine in advance the quantity and nature of supplies required by them, respectively, for the ensuing two years. Existing laws may be changed, or new ones enacted, which will necessitate changes in books, forms and blanks, thus rendering worthless large quantities of the supply on hand.

STATE SEAL.

As required by Chapter 3, Session Laws of 1893, I caused to be engraven a Great Seal of the State of Wyoming, conforming in design substantially to the description given in section 1 of said act, and the seal is now in use.

The engraving was done by a skilled engraver connected with the United States mint at Philadelphia, Pa., and the workmanship is acknowledged by competent judges to be first class in every respect.

The cost thereof, including mounting and shipment, was $200.00.

A fac simile of the seal, exclusive of the outer rim, is here reproduced. Such reproduction, however, falls far short of doing justice to the beauty and delicacy of workmanship of the original.

STATE MAPS.

Pursuant to an appropriation made by the last legislature, I caused to be lithographed 5,000 copies of a map of the state, based upon the latest map issued by the general land office at Washington. The map, at the time of its issue, was carefully corrected to date, so far as county and reservation boundaries, lines of railways and the designation of cities, towns, mountains, valleys, streams, etc., are concerned with as much accuracy as records and the United States surveys show the same, and the government surveys, so far as made, are shown thereon, and the map, generally, is acknowledged an accurate one.

I have, during the period covered by this report, and since the printing of the map, mailed and distributed about 3,000 copies thereof.

VOLUME 3, WYOMING REPORTS.

Pursuant to Chapter 13, Session Laws of 1893, I contracted with the West Publishing Company, of St. Paul, Minn., with the approval of the Justices of the Supreme Court, for 250 copies of Volume 3, Wyoming Reports (Supreme Court) at a cost of $3.00 per copy, delivered at my office; and, as required by said law, I delivered the reports to the State Librarian for disposition, taking his receipt therefor.

# PROCEEDINGS OF THE CONSTITUTIONAL CONVENTION.

My predecessor, Hon. J. W. Meldrum, being a federal officer, was appointed by the Treasury Department to disburse the fund appropriated by the "Act of Admission" to defray the expenses of the Constitutional Convention. When I assumed the duties of the office of Secretary of State there were a large number of claims against this appropriation still unadjusted, and, Mr. Meldrum having been notified by the Department that his authority to disburse such fund would cease with his retirement from office, I took up the work where he left off, after having received authority so to do, and given bond to the United States in the sum of $60,000.00, and with the express understanding that no compensation was to be allowed for the work to be performed. Many of the claims in question having been assigned by the original holders, more or less difficulty was encountered in procuring receipts and vouchers acceptable to the department, but this was finally accomplished, and every expense connected with the Convention, so far as I have been able to ascertain, has been fully paid and receipts therefor are now on file with the Department at Washington. A final accounting of my disbursements and receipts in this matter has been made by the First

Auditor, the same fully approved and closed, as evidenced by the following communication from the First Comptroller of the Treasury:

"TREASURY DEPARTMENT,
"FIRST COMPTROLLER'S OFFICE,
"WASHINGTON, D. C., January 12, 1894.

"*Hon. Amos W. Barber, Secretary of State and Special Disbursing Agent, Cheyenne, Wyoming:*

"SIR:—

"The final account of your disbursements of the fund "appropriated to defray the expenses of the Constitutional "Convention of Wyoming Territory, has been settled by "First Auditor's Report No. 299,973, and the same has this "day been certified as balanced and closed.

"Respectfully yours,
R. R. BOWLER,
"Comptroller."

PRINTING OF JOURNALS AND DEBATES OF THE CONSTITUTIONAL CONVENTION.

No inconsiderable portion of the work incident to the matter in question was the preparation for the printer of a full and complete copy of the proceedings and debates of the Convention.

It was the expressed wish of a majority of the members of the Convention, and a large number of our citizens, that the proceedings and debates of the Convention be published in book form, and after considerable correspondence with the Department at Washington I was finally authorized to advertise for bids to print and bind such proceedings and debates, and furnish 1,500 copies thereof, the expense to be defrayed out of the appropriation heretofore named. The bid of Mr. E. A. Slack for this work was accepted by the Department, and on the 3d day of March, A. D. 1893, the contract was awarded to him. In the meantime a report of the proceedings and debates was procured from the official stenographer employed by the

Convention, and a true copy thereof, consisting of over 4,000 folios, was prepared for the printer by the employes of this office. This work was supplemented by a comprehensive index and table of contents, the completed work being a volume of 940 pages, printed on good paper and bound in full leather binding, the cost to the government being a trifle in excess of $2.00 per copy, the whole having been prepared without expense to the State of Wyoming.

Of the 1,500 copies received from the publisher the following disposition has been made:

One copy to each member of the Constitutional Convention.

One copy to each State and Federal officer in Wyoming.

One copy to the Governor of each state.

One copy to each lawyer in Wyoming.

One copy to each public library in the United States known to this office.

Twenty-five copies to the different departments at Washington.

In addition to the above, over 250 copies have been mailed to persons throughout the country on requests made therefor, the cost of such distribution having been met from the contingent fund allowed this office.

The remaining copies, some 1,000 in number, are in the possession of this office.

Whatever value this publication may have will, I believe, increase with time. I would, therefore, recommend that measures be taken by the legislature to provide for its preservation and further distribution.

# Distribution of Miscellaneous Reports and Pamphlets Descriptive of Wyoming.

At the time I assumed the duties of this office, Wyoming had but recently been admitted to statehood. This fact resulted in the daily receipt of numerous requests from every state in the Union, as well as from foreign countries, for information relative to our new state. I estimate that during the period from statehood to the date of this report there have been mailed from this office over 10,000 copies of miscellaneous documents and reports statistical and descriptive of Wyoming.

The most valuable compilation placed at my disposal for this distribution was the very complete and valuable report of ex-Governor Warren to the Secretary of the Interior for the year 1889, several thousand copies of which have been so distributed.

Next in value to the last named report is the pamphlet entitled "Wyoming's Resources," of which a large number have been mailed out, the balance of the number estimated to have been distributed being the reports of the various Departments of the State.

SENATE AND HOUSE JOURNALS.

Copies of the Senate and House Journals of the First and Second State Legislatures were filed in this office at the close of the respective sessions, but no provision was made for printing the same.

Inasmuch as the cost to the State for these copies has been considerable, and requests for copies numerous, the advisability of publishing the same is respectfully submitted to the next legislature.

CORPORATIONS.

[I repeat my suggestion for an amendment to the corporation law, requiring a small fee proportionate to the amount of the capital stock named, to be paid by all coporations organized for profit and gain. This, I believe, would be beneficial both in adding to the revenue of the State, and in checking the tendency of a certain class of coporations to mislead the public by incorporating with a fictitious capital.

I would also recommend that payment to the Secretary of State of a stated fee (say $25.00) be required of all foreign corporations herafter permitted to do business in this state.]

During the period from the admission of Wyoming to Statehood—July 10, 1890,—to the date of this report, 744 instruments relating to corporations were filed for record in this office, as follows:

347 new corporations created under the laws of this State, of which 304 were for business and profit, and 43 for religious, charitable, fraternal, educational and similar purposes.

37 certificates and charters of foreign corporations contemplating the transaction of business within this State.

320 acceptances of the Constitution of Wyoming, and 40 miscellaneous certificates.

All the above instruments, with the exception of the certificates and charters of foreign corporations, have been recorded at length in books of record prepared for that purpose, the total number of folios so recorded being over 5,000.

The names of the new corporations, together with the amount of their capital stock, place of business, and date of filing, are as follows:

| Name of Incorporation. | Place of Business. | Capital Stock. | When Filed. |
|---|---|---|---|
| Absorka Mining Company, The, | Buffalo | $ 250,000 | Oct. 31, 1892 |
| Acacia Lodge No. 11, A. F. & A. M. | Cheyenne | ——— | Sept. 11, 1894 |
